

April 4, 2018

Dear Candidate,

We, the undersigned, are writing you today as select members of the Illinois Redistricting Collaborative. Guided by a set of eight shared principles, our non-partisan collaborative represents hundreds of thousands of Illinoisans from all across the state who want to see gerrymandering to come to an end.

Gerrymandering has historically protected incumbents of both parties. In 2016, more than 60 percent of the General Assembly seats up for elections were uncompetitive – where the winning candidate won by more than 55% of the vote. Dozens of races weren't even contested. Increased partisanship in Springfield has contributed to government gridlock, budget stalemates, and school funding standoffs.

Our state has the opportunity to be a national leader by instituting a more democratic redistricting process to ensure that elected officials vote in the interests of their constituents rather than party leaders. Voters should be the ones electing their leaders; elected officials should not be selecting their voters. The public is clearly on the side of reform – a recent Paul Simon Institute poll found that 72 percent of Illinoisans support a constitutional amendment for an independent redistricting commission.

On behalf of the voters of our great state and members of the Illinois Redistricting Collaborative, we would like to know your position on gerrymandering and, if elected, how you will use your role in the General Assembly to enact reforms that add necessary measures of public transparency and accountability to depoliticize the map-drawing process.

We have attached the following survey to provide you with a platform to share your views and to demonstrate your commitment to this critical issue. We have sent this survey to all candidates and current officeholders. We will share all responses with the press, the public, and the Illinois voters our organizations represent.

This survey and your response will be used for public education purposes only and will not be used to endorse, electioneer, or contribute financially to any candidate for public office.

We request that all questionnaires be returned **no later than 11:59pm on Wednesday, April 18, 2018.**

This is an opportunity for you to demonstrate your commitment to the voters of Illinois and support redistricting reform.

Support for redistricting reform in Illinois is growing every day and our Collaborative expects to bring on several more partner organizations in the coming weeks.

Each of our organizations stand ready to offer additional guidance on fixing gerrymandering through Election Day, November 6, 2018. Should you have any questions about the survey or

our Collaborative, please reach out to Jeff Raines at CHANGE Illinois at 312-265-9067 or via email: jeff@changeil.org. We look forward to seeing your responses to the survey questions **by April 18th**.

Survey responses should be emailed to Jeff Raines at jeff@changeil.org or mailed to:

**Illinois Redistricting Collaborative
2018 General Assembly Gerrymandering Survey**

Please return this survey response no later than 11:59pm on:
Wednesday, April 18, 2018.

Candidate Name:	
Full Name of Campaign Committee:	Friends of Barrett Davie
Office Sought/District:	Illinois Senate District 29
Party Affiliation:	Republican
Candidate Current Occupation:	Entrepreneur
Previous Elected Positions Held:	N/A
Campaign Contact Person:	Philippe Melin (224)250-8974
Campaign Address:	506 N Western Ave, Lake Forest, IL 60045
Campaign Phone:	(847)558-7628
Website:	www.barrettdavie.com
Campaign Email:	info@barrettdavie.com
Campaign Facebook:	@barrettdavieforilsenate
Campaign Twitter:	@bdavieilsenate

2018 Gerrymandering Survey Questions:

1. Do you believe we need to end gerrymandering and change the way Illinois draws its legislative and Congressional maps?

Yes or No Please explain:

Yes, we need to end gerrymandering in Illinois. The current process gives too much power to incumbents to use the redistricting process to consolidate their power. It also results in odd districts that cut across small portions of communities making their representation unnecessarily challenging.

2. Do you support an amendment to the Illinois Constitution to end gerrymandering by changing the redistricting process to create an independent commission tasked with drawing Illinois legislative and Congressional maps?

Yes or No Please explain:

I do support an amendment to the Illinois Constitution to end gerrymandering by tasking an independent commission to draw Illinois legislative and Congressional maps.

3. As a member of the Illinois General Assembly, would you cosponsor a constitutional amendment for redistricting reform (HJRCA43/SJRCA26) to establish an independent commission to draw the lines? As a member, would you vote for HJRCA43/SJRCA26?

Yes or No Please explain:

Yes, I would co-sponsor these pieces of legislation. Additionally, I will not vote for a Senate or Party leader who is not committed to act to end Gerrymandering in Illinois. We cannot be serious about ending gerrymandering if we tolerate politicians who claim to tell their constituents that they seek to end gerrymandering, but then vote to empower the leaders who thwart reforms.

4. Do you support changes to the current redistricting process that would allow more time for citizens to provide feedback on proposed legislative maps?

Yes or No Please explain:

Gerrymandering is fostering cynicism in the electorate. Giving Illinois citizens more time to provide feedback is a small step towards repairing the damage.

5. Do you support changes to the current redistricting process that would provide resources for citizens and community organizations to analyze proposed legislative maps? And submit their own?

Yes or No Please explain:

Unfortunately, Illinois is in dire financial shape so I would want to be careful about creating a new spending line. However, I do think this is a worthy investment because we cannot fix our State's financial woes as long as political gerrymandering insulates our political class from accountability.

6. Do you support prison gerrymandering reform bill HB205, which requires the Secretary of State to prepare redistricting data to reflect the incarcerated persons at their residential address, rather than the address of the facility in which the person is incarcerated?

Yes or No Please explain:

The current practice unjustly awards extra political power to the regions that host prisons, undermining the principles of equal representation.

7. Would you support additional redistricting reform measures for county, municipal, and special units of government?

Yes or No Please explain:

Yes, gerrymandering can negatively impact all levels of government.

8. Do you support instituting the following principles to guide Illinois' next redistricting process? Please circle your position and explain the principles you don't agree with:

I. COMPLY WITH THE U.S. CONSTITUTION

The process must be in accordance with the requirements of the U.S. Constitution. All persons -- regardless of age, citizenship, immigration status, ability, or eligibility to vote -- should be accurately counted through the Census. In accordance with the U.S. Constitution, districts should be populated equally, as nearly as is practicable.

Yes or No Please explain:

Yes, it is important that all people residing in the United States are counted through the Census.

II. COMPLY WITH FEDERAL AND STATE VOTING RIGHTS ACT

The process must emphasize representation and be fully compliant with both the federal Voting Rights Act (VRA) and all state voting rights laws, including the Illinois Voting Rights Act. The letter and the spirit of the VRA should be reflected in redistricting to protect the rights of voters of color. To advance these foundational goals, redistricting decision-makers should exercise their latitude under the law to create majority-minority, coalition, and influence districts.

Yes or No Please explain:

Yes, it is very important that we continue to follow the letter and law of the VRA to ensure that minority groups are not shut out of our legislative bodies.

III. COMPRISE AND UPHOLD A NON-PARTISANSHIP PROCESS

The process should be independent of partisan political considerations. Mapmaking must include provisions and resources ensuring independence from political parties and legislative leaders. The process must include diverse decision-makers who reflect a broad range of viewpoints and who prioritize people and communities. Mapping consultants and software contracts, paid for with public resources, should be awarded on merit rather than partisan affiliation.

Yes or No

Please explain:

Yes, we should take all practicable steps to eliminate partisan political considerations from the legislative mapmaking process.

IV. MAXIMIZE VOTER CHOICE, ELECTORAL CANDIDACY AND COMPETITIVENESS

The process should result in maximizing voter choice, encouraging electoral candidacy, and enhancing electoral competitiveness.

Yes or No

Please explain:

Yes, uncompetitive elections are corrosive to the integrity of our government.

V. RECOGNIZE AND PRESERVE COMMUNITIES OF INTEREST

The process should give consideration to true communities of interest. To the extent possible, but secondary to the protection of voting rights, populations with common social, ethnic or economic interests, and/or shared political and geographic boundaries should have unified representation.

Yes or No

Please explain:

Yes. Gerrymandered lines that cross portions of many communities or cities make representation of these communities challenging. The legislative lines should align with city / neighborhood and school district boundaries as much as possible so elected officials can more easily focus on representing their constituents.

VI. ACCURATELY INCLUDE PERMANENT RESIDENCE OF ALL ILLINOISANS

The process must accurately represent the permanent residence of all Illinoisans. All persons residing away from their permanent residence, such as students, incarcerated individuals, and missionaries, should be counted at their home address regardless of Census counting rules. The Census should be encouraged to expand its exceptions to the usual residence rule to include incarcerated individuals, as well as students, missionaries, and overseas Americans.

Yes or No

Please explain:

Permanent residence should generally be what is counted by the Census.

VII. COMPRISE AND UPHOLD A TRANSPARENT AND ACCOUNTABLE PROCESS

The process must be transparent and accountable. Meetings of decision-makers and their legal, political, and mapping consultants must be open and accessible to the public to the greatest extent possible. The criteria used to draw maps must be objective, clear and justifiable, and districts must be drawn to offer voter choice. Communications related to the redistricting process should be subject to the Open Meetings Act and the Freedom of Information Act. Clear conflict-of-interest rules must be adopted and applied.

Yes or No

Please explain:

Yes, these common sense reforms will begin to repair the damage gerrymandering has caused with the Illinois electorate.

VIII. PROVIDE FOR OPEN, FULL, AND MEANINGFUL PUBLIC PARTICIPATION

The process must allow for meaningful public participation and have the confidence of the public. Opportunities for public education and engagement must be provided, including opportunities to offer comment and amend draft maps. Redistricting bodies must provide data, tools, and ways for the public to have direct input into and impact on the specific plans under consideration.

Yes or No

Please explain:

Yes, the map drawers should be required to provide the data and analysis underpinning their decisions. This would go a long way in making inhibiting mapmaker's ability to use partisan political considerations to draw the lines.

Any final thoughts or points you would like to make on the subjects of gerrymandering and redistricting reform?

I will not vote for a Senate or Party leader who is not committed to act to end Gerrymandering in Illinois. We cannot be serious about ending gerrymandering if we tolerate politicians who claim to tell their constituents that they seek to end gerrymandering, but then vote to empower the leaders who thwart reforms.

Please return this survey response no later than 11:59pm on: Wednesday, April 18, 2018 to Jeff Raines at CHANGE Illinois via email: jeff@changeil.org or mail to:
