

April 4, 2018

Dear Candidate,

We, the undersigned, are writing you today as select members of the Illinois Redistricting Collaborative. Guided by a set of eight shared principles, our non-partisan collaborative represents hundreds of thousands of Illinoisans from all across the state who want to see gerrymandering to come to an end.

Gerrymandering has historically protected incumbents of both parties. In 2016, more than 60 percent of the General Assembly seats up for elections were uncompetitive – where the winning candidate won by more than 55% of the vote. Dozens of races weren't even contested. Increased partisanship in Springfield has contributed to government gridlock, budget stalemates, and school funding standoffs.

Our state has the opportunity to be a national leader by instituting a more democratic redistricting process to ensure that elected officials vote in the interests of their constituents rather than party leaders. Voters should be the ones electing their leaders; elected officials should not be selecting their voters. The public is clearly on the side of reform – a recent Paul Simon Institute poll found that 72 percent of Illinoisans support a constitutional amendment for an independent redistricting commission.

**On behalf of the voters of our great state and members of the Illinois Redistricting Collaborative, we would like to know your position on gerrymandering and, if elected, how you will use your role in the General Assembly to enact reforms that add necessary measures of public transparency and accountability to depoliticize the map-drawing process.**

We have attached the following survey to provide you with a platform to share your views and to demonstrate your commitment to this critical issue. We have sent this survey to all candidates and current officeholders. We will share all responses with the press, the public, and the Illinois voters our organizations represent.

This survey and your response will be used for public education purposes only and will not be used to endorse, electioneer, or contribute financially to any candidate for public office.

We request that all questionnaires be returned **no later than 11:59pm on Wednesday, April 18, 2018.**

**This is an opportunity for you to demonstrate your commitment to the voters of Illinois and support redistricting reform.**

Support for redistricting reform in Illinois is growing every day and our Collaborative expects to bring on several more partner organizations in the coming weeks.

Each of our organizations stand ready to offer additional guidance on fixing gerrymandering through Election Day, November 6, 2018. Should you have any questions about the survey or

our Collaborative, please reach out to Jeff Raines at CHANGE Illinois at 312-265-9067 or via email: [jeff@changeil.org](mailto:jeff@changeil.org). We look forward to seeing your responses to the survey questions **by April 18th**.

Survey responses should be emailed to Jeff Raines at [jeff@changeil.org](mailto:jeff@changeil.org) or mailed to:

## Illinois Redistricting Collaborative 2018 General Assembly Gerrymandering Survey

Please return this survey response no later than 11:59pm on:  
Wednesday, April 18, 2018.

<b>Candidate Name:</b>	
<b>Full Name of Campaign Committee:</b>	Angelique For Illinois
<b>Office Sought/District:</b>	69th District State Representative
<b>Party Affiliation:</b>	Democratic
<b>Candidate Current Occupation:</b>	Education and Transportation
<b>Previous Elected Positions Held:</b>	Precinct Committeeperson and Secretary of Boone County Democrats
<b>Campaign Contact Person:</b>	Angie Bodine
<b>Campaign Address:</b>	P.O. Box 36 Belvidere, IL. 61008
<b>Campaign Phone:</b>	815-661-5777
<b>Website:</b>	Angie4IL.com
<b>Campaign Email:</b>	Angie@Angie4IL.com
<b>Campaign Facebook:</b>	<a href="https://www.facebook.com/AngeliqueForIllinois/">https://www.facebook.com/AngeliqueForIllinois/</a>
<b>Campaign Twitter:</b>	<a href="https://twitter.com/Angie4IL">https://twitter.com/Angie4IL</a>

## 2018 Gerrymandering Survey Questions:

1. Do you believe we need to end gerrymandering and change the way Illinois draws its legislative and Congressional maps?

**Yes** or  **No** Please explain:

In order to have a truly representative Democracy that is "of the people, by the people, for the people", the people's voices must be heard loud and clear throughout the electoral process. At best, gerrymandering mutes the people's voices, but all too often, it totally silences them. That's very un-American.

2. Do you support an amendment to the Illinois Constitution to end gerrymandering by changing the redistricting process to create an independent commission tasked with drawing Illinois legislative and Congressional maps?

**Yes** or  **No**

I was one of many people across the state that worked hard to campaign for, and help gather petition signatures for the Independent Maps Amendment. I introduced it to my campaign's volunteers who also gathered petition signatures for it. I also happen to be a candidate who has run 3 tough races in a district that is strongly gerrymandered against me. In short, "I have skin in the game!" I was very disappointed to see the Independent Maps Amendment struck down and ruled unconstitutional by the Supreme Court. Gerrymandering narrows the field of candidates by strongly discouraging competition. As a result, we all are negatively impacted and deprived of choice and voice when it comes to leadership.

3. As a member of the Illinois General Assembly, would you cosponsor a constitutional amendment for redistricting reform (HJRCA43/SJRCA26) to establish an independent commission to draw the lines? As a member, would you vote for HJRCA43/SJRCA26?

**Yes** or  **No** Please explain:

I would co-sponsor, and yes, I would vote for it. This is both what the people of my district want as well as what I believe in.

4. Do you support changes to the current redistricting process that would allow more time for citizens to provide feedback on proposed legislative maps?

**Yes** or  **No** Please explain:

The citizen's voices should always be the first consideration in any legislation, and as much feedback as possible should be welcomed and respected.

5. Do you support changes to the current redistricting process that would provide resources for citizens and community organizations to analyze proposed legislative maps? And submit their own?

**Yes** or  **No** Please explain:

Yes. Again, as much input as possible in legislative decisions from the citizens is vital to a well-functioning Democracy. Too many people are disenfranchised into non-participation because they feel like their elected officials do not hear their voices. This would be a great way to help remedy that.

6. Do you support prison gerrymandering reform bill HB205, which requires the Secretary of State to prepare redistricting data to reflect the incarcerated persons at their residential address, rather than the address of the facility in which the person is incarcerated?

Yes or No

Please explain:

Although the prisoners, themselves, cannot vote, a truly representative democracy would provide that they be counted in the communities that they are members of and will be returning to upon release.

7. Would you support additional redistricting reform measures for county, municipal, and special units of government?

Yes or No

Please explain:

I feel that redistricting reform is needed at all levels of government in order to provide transparency and accurate representation. The lower the level of government, the more direct effect those offices have on individuals' lives. It's vital to ensure that even the smallest offices are transparent and representative.

8. Do you support instituting the following principles to guide Illinois' next redistricting process? Please circle your position and explain the principles you don't agree with:

#### I. COMPLY WITH THE U.S. CONSTITUTION

**The process must be in accordance with the requirements of the U.S. Constitution.** All persons -- regardless of age, citizenship, immigration status, ability, or eligibility to vote -- should be accurately counted through the Census. In accordance with the U.S. Constitution, districts should be populated equally, as nearly as is practicable.

Yes or No

Please explain:

We must always uphold our constitution.

#### II. COMPLY WITH FEDERAL AND STATE VOTING RIGHTS ACT

**The process must emphasize representation and be fully compliant with both the federal Voting Rights Act (VRA) and all state voting rights laws, including the Illinois Voting Rights Act.** The letter and the spirit of the VRA should be reflected in redistricting to protect the rights of voters of color. To advance these foundational goals, redistricting decision-makers should exercise their latitude under the law to create majority-minority, coalition, and influence districts.

Yes or No

Please explain:

### III. COMPRISE AND UPHOLD A NON-PARTISANSHIP PROCESS

**The process should be independent of partisan political considerations.** Mapmaking must include provisions and resources ensuring independence from political parties and legislative leaders. The process must include diverse decision-makers who reflect a broad range of viewpoints and who prioritize people and communities. Mapping consultants and software contracts, paid for with public resources, should be awarded on merit rather than partisan affiliation.

Yes or No

Please explain:

### IV. MAXIMIZE VOTER CHOICE, ELECTORAL CANDIDACY AND COMPETITIVENESS

**The process should result in maximizing voter choice, encouraging electoral candidacy, and enhancing electoral competitiveness.**

Yes or No

Please explain:

### V. RECOGNIZE AND PRESERVE COMMUNITIES OF INTEREST

**The process should give consideration to true communities of interest.** To the extent possible, but secondary to the protection of voting rights, populations with common social, ethnic or economic interests, and/or shared political and geographic boundaries should have unified representation.

Yes or No

Please explain:

### VI. ACCURATELY INCLUDE PERMANENT RESIDENCE OF ALL ILLINOISANS

**The process must accurately represent the permanent residence of all Illinoisans.** All persons residing away from their permanent residence, such as students, incarcerated individuals, and missionaries, should be counted at their home address regardless of Census counting rules. The Census should be encouraged to expand its exceptions to the usual residence rule to include incarcerated individuals, as well as students, missionaries, and overseas Americans.

Yes or No

Please explain:

**VII. COMPRISE AND UPHOLD A TRANSPARENT AND ACCOUNTABLE PROCESS**

**The process must be transparent and accountable.** Meetings of decision-makers and their legal, political, and mapping consultants must be open and accessible to the public to the greatest extent possible. The criteria used to draw maps must be objective, clear and justifiable, and districts must be drawn to offer voter choice. Communications related to the redistricting process should be subject to the Open Meetings Act and the Freedom of Information Act. Clear conflict-of-interest rules must be adopted and applied.

**Yes** or No                      Please explain:

**VIII. PROVIDE FOR OPEN, FULL, AND MEANINGFUL PUBLIC PARTICIPATION**

**The process must allow for meaningful public participation and have the confidence of the public.** Opportunities for public education and engagement must be provided, including opportunities to offer comment and amend draft maps. Redistricting bodies must provide data, tools, and ways for the public to have direct input into and impact on the specific plans under consideration.

**Yes** or No                      Please explain:

**Any final thoughts or points you would like to make on the subjects of gerrymandering and redistricting reform?**

If we are truly doing the job we reach out for by running for office, and are commissioned to by the electorate, there is nothing to fear by empowering the people through transparency and fairness.

**Please return this survey response no later than 11:59pm on: Wednesday, April 18, 2018 to Jeff Raines at CHANGE Illinois via email: [jeff@changeil.org](mailto:jeff@changeil.org) or mail to:**
